GG Development Team				
Pete Cyr	Kurt Endress	Brett Hunter	Laura Gu	Gary Kinard
K Kittell	Mark Millard	Marty Reisinger	Benjamin Haag	Cullen McGovern

*Change control board

Visitors: Chaing KunFang; Cassa Munroe

Roll Call

Agenda:

Approve minutes from last meeting. Motion to approve LT; Seconded JB

Old Business:

1. Report from DEV:

- Server (DBMU) – What’s going into the 2.3.9 release? GEO acceptance will be in this release. LB needs to add a ticket for the order action for GEO acceptance. May need to add an information note on the order email to explain SMTA and GEO acronyms.
- CT (P. Cyr) (not available)

2. Subcommittee reports:

- Multiple inventories, seasonally available and multiple form (J. Smith) – Need testers to move the process along – expand the tester group. MR – has been testing – Wants to do a Q and A for those who will be dealing with accessions that would use this feature for managing accession distribution.
- Genetic Observations (C. McGovern) -
- NRR (GK, HB, MR, AN)
- GIS (L. Taylor) -
- Barcoding/reports/labels sub-committee (PC) -

- APR (L. Burke) –
- Reports (GV)

Old Business:

3. Review Third set of inventory actions.
4. Continue discussion on import requirements – tickets – related to germplasm orders going to other countries. It may not be feasible to do this with all the crops and counties – wait for GK to review this item.
5. True to type process – use crop trait as a searchable way to look for this aspect. Hold for GV
6. [#1790 \(Order Wizard Needs to Include the User's Item Comments to Created Order\) – GrinGlobal \(ars-grin.gov\)](#) Re-open ticket (hold – PC not available)
 - Include the Comments on both OW tabs
 - Relabel “User Note” to Comments on the PW
 - Relabel “Note” to “Comments” on the confirmation email
7. [#2666 \(Search Tool Tabs - Capability to match the CT's\) – GrinGlobal \(ars-grin.gov\)](#) (Hold PC not available)

New Business:

8. Demonstrating impact via germplasm request data. (LB) – see PowerPoint that was sent out with the agenda. What type of grant funding – government vs soft funding (JB) – should that be a differentiation that would be useful? Is there another word for Utilization so that it is less confusing? Remove gardening as a form of utilization (JB). LB suggested “varietal trial garden”. Need a two-pronged approach - what we are distributing and what we hear back from requestors related to the germplasm.
9. New Germplasm form Type for Algae - [#2965 \(Algae form type\) – GrinGlobal \(ars-grin.gov\)](#)

Future meeting dates:

- PGOCC preempts the next meeting
- August 27th

Reminders:
